PCN 119517-00, Label,
French Triman recycling images, and COO format
label updates

Date of Publication: April 04, 2023

Key Characteristics of the Change:

Label

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material	May 26, 2023
Date of First Availability of Post-Conversion Material	June 02, 2023

Description of Change to the Customer:

The Intel SKUs listed in the products affected table will have the following changes.

1. The single Country of Origin (COO) value will be replaced with two values representing the Country of Fabrication (COF) and the Country of Assembly (COA), in **BLUE** outlines

2. French Triman recycling images will be added to retail unit labels indicated by Green, and Red, outlines

- ✓ Note 1: Label images in **GREEN** outlines stay the same for all product SKUs
- ✓ Note 2: Label pictogram images in **RED** outlines will vary depending on actual packaging contents

Examples of French Triman recycling images with various pictogram image types

Customer Impact of Change and Recommended Action:

No customer impact expected, this will be a visual only change to the product label.

Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at www.intc.com.

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
